Application For Review

Section 61, *Environmental Bill of Rights*

General Information About This Application

Under section 67 of the *Environmental Bill of Rights (EBR)* the minister must consider each Application for Review in a preliminary way to determine whether the public interest warrants a Review of the issues raised in your Application. Among of factors, the minister must consider:

1. The ministry Statement of Environmental Values;
2. The potential for harm to the environment if the Review applied for is not undertaken;
3. The fact that matters sought to be reviewed are otherwise subject to periodic review;
4. Any social, scientific or other evidence that the minister considers relevant;
5. Any submission from a person who may be directly interested in the Review who has been notified about the Review;
6. The resources required to conduct the Review; and
7. Any other matter the minister considers relevant.

If the decision asked to be reviewed was made within the last five years with public participation consistent with the *EBR*, the minister will not determine that the public interest warrants a Review. This provision does not apply where it appears to the minister that there is other evidence that failure to review the decision could result in significant harm to the environment and that this evidence was not considered when the decision sought to be reviewed was made.

The personal information requested in this Application is gathered under the legislative authority of the *EBR*. All the information requested on this form is required by the *EBR* for the minister to determine whether an existing policy, Act, regulation or instrument of Ontario should be reviewed, or to decide whether there is a need for a new policy, Act or regulation.

The *EBR* does not allow the Environmental Commissioner of Ontario or the ministry disclose personal information about applicants. The *EBR* protects the personal information provided by applicants. Applicants' personal information may be disclosed if the Review results in further government action outside of the *EBR* such as:

- ! a prosecution, or
- ! other administrative action
