Environmental Commissioner celebrates partnerships in protecting woodland animals

Queens Park, December, 2007: Santa holds press conference to thank Environmental Commissioner Gord Miller and staff for remembering the plight of his reindeer and their likeness on the Canadian quarter

Queens' Park, December 2007 – Gord Miller, the Environmental Commissioner of Ontario, held a press conference to thank a longtime ally for his ongoing support in the fight to protect woodland caribou and their cousin, the reindeer.

“Santa continues to be the most powerful advocate for our friends, the reindeer and the caribou,” said Mr. Miller. “The sustainable and symbiotic relationship Santa has established with the reindeer can serve as an example to us all.”

A herd of caribou paid a visit to the Commissioner’s office to thank the Commissioner and his staff in person.
